

COUPLING RUBBER/ELEMENT

Coupling Rubber & Element

GR CPL ELEMENT

Size: GR19.24.28.38.42.48.55.65.75.90.100.110

Materials: Rubber, Hytrel, Pu Polyurethane

Color: Black, Red, Purple, Yellow, Green, Blue

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

SURE-FLEX CPL ELEMENT

Type: J, H, HS Color: (Red&Black)

Materials: Rubber, Hytrel, Pu Polyurethane

J Size: 4J.5J.6J.7J.8J.9J.10J.11J.12J.13J.14J

H Size: 6H.7H.8H.9H.10H.11H; HS Size: 8HS.9HS.10HS.11HS

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

MT CPL ELEMENT

Size: MT1.2.3.4.5.6.7.8.9.10.11.12.13

Materials: Rubber, Pu Polyurethane

Color: Black, Red, Yellow

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

N-EUPEX CPL ELEMENT

Size: H80.95.110.125.140.160.180.200.225.250

280.315.350.400.440.480.520.560

Material: Rubber, Pu Polyurethane

Color: Black, Red

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

MH CPL ELEMENT

Size: MH55.65.80.90.115.130.145.175.200

Materials: Rubber, Pu Polyurethane

Color: Black, Red, Yellow

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

T-CPL ELEMENT

Size: T-45.50.55.60.65.70.75.80.90.95.100.105.110.115

120.125.130.135.140.145.150.155.160.165.170.175.180

185.190.195.200.210

Materials: Rubber, Pu Polyurethane

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Coupling Rubber & Element

HRC CPL RUBBER

Size: HRC70.90.110.130.150.180.230.280

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

L /Jaw CPL RUBBER

Size: L50.70.75.90.95.99.100.110.150.190

Materials: Rubber, Polyurethane

Color: Black, Red, blue

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

NM CPL RUBBER

Size: NM50.67.82.97.112.128.148.168.194.214

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

TYRE CPL RUBBER

Size: F40.45.50.60.70.80.85.90.100.110.120.140.160.180.200.220.250.

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

KTRCPL RUBBER

Size: 57.85.95.107.115.125.142.185

Material: Rubber, Polyurethane

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

AFKCPL RUBBER

Size: M74.84.110.132

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Coupling Rubber & Element

NOMT CPL ELEMENT

Size:R42.62.82.103.132

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

NOMT CPL ELEMENT

Size:NY14.19.24.28.32.38.42.48.55.65

Material: Nylon

Color: Own color,Blue

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

T-Bolt CPL ELEMENT

Size:OD20.27.35.45.56.71.86

Material: Rubber, PU

Color: Black, Yellow

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

*Type CPL ELEMENT

Size:OD68.83.106.123

Material: PU

Color: Red

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

FK CPL ELEMENT

Size:10R.20R.30R.40R.50R.60R.70R

Material: PU

Color: Green, Yellow

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

TOP CPL ELEMENT

Size:11A.12A.13A

Material: Rubber

Color: Black

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Coupling Rubber & Element

FLC CPL RUBBER

Size: #1.2.3.4.5.6.8 Material: Rubber

#1 (FCL90) #2(FCL100.112)#3(FCL125.140.160.180)

#4(FCL200.224.)#5(FCL 250)#6(FCL280.315)

#8(FCL355.400.450.560.630)

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

DISC OF CPL

customization

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

AUTO CPL RUBBER

Size: K3.K4.K5

Material: Rubber

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Customization

Material: Rubber

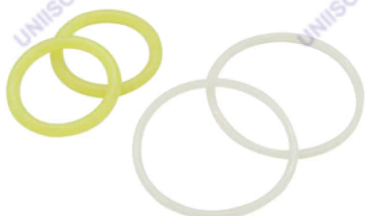

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Customization

Material: Rubber

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

Customization

Material: PU

High wear resistance, impact resistance, high temperature resistance, oil resistance, and aging resistance

UNIISO™

POWER TO THE WORLD

Shanghai UNIISO Industries Co.,Ltd.

Add: No.5699, Hangnan Rd. Fengpu Industrial Park

Fengxian Dist. Shanghai City, P.R.China.
